

Standard Performance Contract

SPECIAL BONUS INCENTIVES

Right now, SDG&E® is offering higher incentives to qualified commercial and industrial customers for select energy-efficiency improvement projects. But hurry, these higher incentive amounts are only offered through the end of 2009!

| <i>Qualifying Projects Include:</i> | SPC Incentives | NEW SPC BONUS Incentives |
|---|----------------|---------------------------------------|
| High-Efficiency Motors | \$.09/kWh | \$.20/kWh |
| Dimmable Retrofit Lighting | \$.05/kWh | \$.20/kWh |
| Ceramic Metal Halide Lamps | \$.05/kWh | \$.20/kWh |
| High-Efficiency Commercial Pool Heaters | \$1.00/therm | \$ 1.60/therm |
| Industrial Laundry Improvements | \$1.00/therm | \$ 1.60/therm |

Certain criteria must be met to receive these increased incentives. But don't delay because this special offer for these higher incentive amounts will end on December 31, 2009.

For more information, and to find out if your project qualifies, call the SPC Program Staff at **858.654.1250** or visit sdge.com/spc for 2009 program updates.

This program is funded by California utility customers and administered by the state's investor-owned utilities, under the auspices of the California Public Utilities Commission.
